Re: My FOIA request #2019-HQFO-01154

Dear Sir or Madam:

This is a follow up to your letter of August 20, 2019 regarding the aforementioned request.

In response to your determination that my request "is too broad in scope or did not specifically identify the records" which I am seeking, I am narrowing the scope and suggesting the DHS component or office which I believe created or controls the records.

To add more specificity to my August 16, 2019 request, here is what I am seeking please:

Copies of documents, memoranda and emails regarding a possible "G20" summit at or around the McCormick Place complex in Chicago, Illinois in the year 2021. "G20" is also known variously as the "G8" and "G7." The records we believe exist would have been created in the year 2019 and would be housed in DHS's Chicago office, and/or Washington, DC office(s), and/or with the Secret Service in Washington, with the most likely location being in DHS's office located at 205 N. Michigan Avenue, Chicago, IL 60601.

Of course, if materials located in one of the aforementioned locations and time period indicates other records are probably held in other locations and previous to the year 2019, I would like those as well please.

Per my earlier request, I would like partial release of the most easily accessible ones as soon as they are available, rather than waiting for gathering of the entire trove before releasing the records. As the more difficult to obtain records are located and duplicated, I would like those as well please.

Thank you.

Yours sincerely,

Andy Thayer
